

Exponential Power's Battery Cabinets & Enclosures provide durable, secure solutions for telecommunications and industrial applications. Designed to protect battery systems, these cabinets and enclosures ...

Our BESS Power Conversion System (PCS) is designed to provide high performance, reliability, and efficiency for next-generation energy storage applications. Get in touch with us today to discover how our PCS can ...

In the event of an outage, it seamlessly transfers to battery with no interruption in power to supported equipment. Hot swappable batteries provide up to 17 minutes of battery backup time at full load, ...

Featuring MPPT technology and leading-edge conversion equipment, these BESS systems are built to stand out thanks to their longevity, reliability, and customisability. AC Single Bay Variants provide unparalleled ...

Power Storage Solutions offers DC power cabinets and rack systems from trusted manufacturers, delivering reliable enclosures for batteries and critical power.

The cabinet or racking system can be specified to accommodate any battery cell. From flooded to sealed, from lead acid to nickel cadmium and from vertical to horizontal all kinds of battery cabinet / rack can be designed ...

C& C Power Battery enclosures are configured to meet the need of all types of applications. Battery cabinets are engineered for an uninterrupted power backup source to support the continuous operation of your critical facility.

The Hitachi Energy Power Conversion System (PCS) is a bidirectional plug and play converter. Optimized for BESS integration into complex electrical grids, PCS is compatible with leading battery manufacturers.

A battery cabinet houses and protects the batteries that supply stored energy to a UPS system. It ensures that backup power is readily available whenever primary power is interrupted.

Our team of experts can help you configure your cabinet solution based on your unique needs. You can purchase both batteries and cabinets in a single purchase order.
