

Burkina Faso, a landlocked West African country covering 274,200 square kilometers, has seen its GDP grow from 15.65 billion USD in 2019 to 20.55 billion USD in 2023, despite slowing growth from 5.9% ...

For 2020, the Government is targeting an installed capacity of 1,000 MW, of which 50% will be renewable energy, with the participation of private operators through public-private partnerships ...

The Nagreongo Solar Power Station, also Nagreongo Solar Power Station, is a 30 MW (40,000 hp) solar power in Burkina Faso. The solar farm, which was commissioned in July 2022, was developed by the French IPP, GreenYellow, a subsidiary of the Casino Group. The energy generated here is sold to the Burkinabe electricity utility company SONABEL (Société Nationale d'Électricité du Burkina Faso) (English: National Electricity Company of Burkina Faso), under a 25-year power purchase agreement (...)
