

HAIKAI Energy is a leading manufacturer of Lithium LFP battery energy storage systems (ESS) and BMS. We provide ESS solutions for Residential, Commercial, and Industrial applications.

All-in-one, high-performance energy storage system for various industrial and commercial applications. Highly suitable for all kinds of outdoor applications such as EV charging stations, industrial parks, ...

State Grid Jianshan Institute of Lighting, Storage and Charging Integrated Microgrid Operation Display Platform Haikai Microgrid (Europe, Italy and America Park) User-side String Energy Storage System

For various commercial and industrial application such as EV charging stations, solar farms, microgrids, energy trading, VPP. All-in-One Solution.

The system is modular and scalable, supporting solar self-consumption, backup power, peak shaving, and microgrid solutions. Perfect for renewable energy projects, EV charging stations, remote areas, ...

Sunoren adheres to the path of sustainable development of win-win cooperation BAPV BIPV Sunoren Intelligent Charging Green Energy Storage Partners Haikai Microgrid (Europe, Italy and America ...

HAIKAI Harmony Plus residential energy storage battery system is designed to upgrade normal homes into smart energy efficient homes, allowing home owners to cut their utility fee, reduce carbon ...

Highly suitable for all kinds of outdoor projects such as EV charging stations, industrial parks, commercial areas, housing communities, micro-grids, solar farms, peak shaving, demand charge ...
