

Huawei and Sungrow ranked as the top two global solar inverter manufacturers for the first half of 2025, based on the "Global Solar Inverter Manufacturer Rankings H1 2025" ...

Key players in the market include Schneider Electric, SolarEdge, and Huawei. Challenges include high costs and safety risks, yet innovation and smart inverter trends support future growth.

Huawei and Sungrow ranked as the top two global solar inverter manufacturers for the first half of 2025, with scores of 93.9 and 93.7, respectively. This ranking is based on the Global Solar Inverter ...

Chinese companies made up nine of the 10 largest global inverter suppliers in 2024, with total inverter shipments reaching 589 GW (AC), according to Wood Mackenzie. Chinese conglomerate...

Industry stalwarts Huawei and Sungrow topped the leaderboard for the tenth straight year and tightened their grip in the process. The pair shipped a combined 324 GWac--roughly 55 % of all inverters ...

The top 10 global solar photovoltaic (PV) inverter vendors accounted for 86% of market share in 2022, increasing by 4% year-over-year since 2021, according to latest analysis by Wood Mackenzie, a global insight ...

The research placed Huawei and Sungrow in the first and second positions in the rankings for the 10th consecutive year, together accounting for 55% of the global inverter market.

Huawei Digital Power once again named on the two lists with its globally leading smart photovoltaic inverter, energy storage products and rich practical applications.

Wood Mackenzie has published its global solar inverter manufacturing ranking for the first half of 2025. The ranking places Chinese manufacturers Huawei and Sungrow at the top of the list,...

Huawei remains a top-tier producer of photovoltaic inverters, commanding 23% of global market share as of Q1 2025 according to Wood Mackenzie's latest renewable energy report. But how did they ...
