

Linxi Solar Power Generation System Factory

Dr. Xie Tian highlighted that the Jiaxing Production Base, as the world's first "Lighthouse + Zero-Carbon" factory in the photovoltaic industry, exemplifies LONGi's leadership in integrating ...

Longi Solar said it will invest CNY 42.5 billion to more than double its PV wafer and cell capacity. It plans to build new wafer and cell factories. The company signed an investment agreement...

Hebei Linxi (Three Gorges) solar farm is an operating solar photovoltaic (PV) farm in Dongzaoyuan Town0, Linxi, Xingtai, Hebei, China.

LONGi today announced that its Jiaxing Production Base has been recognized by the World Economic Forum (WEF) as a Global Lighthouse Factory.

Building upon its "Lighthouse Factory" intelligent manufacturing framework, LONGi's Jiaxing Production Base further advanced its zero-carbon transformation in 2024.

The requirements to become a lighthouse factory are very strict, requiring the integration of at least five world-class technological applications. LONGi's Jiaxing base has adopted more than ...

LONGi Solar Technology is a wholly owned subsidiary of LONGi Green Energy Technology Co Ltd, the world's biggest manufacturer of monocrystalline photovoltaic or solar power products. It features ...

Founded in 2000, LONGi is committed to being the world's leading solar technology company, focusing on customer-driven value creation for full scenario energy transformation.

Longi Green Energy Technology Co Ltd (SHA:601012) has officially opened a new manufacturing base in Chuzhou, China, where it will make 5 GW of monocrystalline solar modules ...
