

Midea Solar Power Generation Scam Case

View complaints of Midea America Corp filed with BBB. BBB helps resolve disputes with the services or products a business provides.

For those who want to keep their Midea U air conditioners, the company will mail a DIY repair kit. Midea says the kit will include a new dripping drain plug for the back of the unit, as well as ...

I'm sure it is a company selling solar power solutions, but it is very misleading, making it sound like something affiliated with PG& E or the PUC when it is not and I could see many people...

Remind prospective customers that while tax credits, rebates, and incentives might be available for solar purchasers who qualify, offers for "free" or "no cost" solar panels are scams.

No information about the cost to remove or transfer solar panels, which could lead you to believe you have future options that might not be available or affordable

Is midea legit? Is it a secure bet or could there be potential risks? Check out our analysis review, where we outline if it's a scam or not.

Everything you need to know to avoid a solar panel scam and what to do if you feel you've been a victim of predatory solar companies.

Consumers with the recalled air conditioners should immediately contact Midea for a free repair or a full or prorated refund, which will be based on the purchase

These scams start with an unexpected phone call, message on social, or even an in-person visit. The so-called official offers you an "energy audit" to reduce your utility costs. Or they might try to sign you ...

Scams are unfortunately common in the solar industry. Learn more about some of the most likely scams you may face when trying to go solar.
