

## Mozambique replaces 6 9mwh of solar sites

Our solar power plant in Cuamba was inaugurated in September of 2023. It marked another milestone for Globeleq and Mozambique, as it was the first IPP to integrate a utility-scale ...

The project, whose construction started in September 2020, supplies clean energy to Mozambique's national power utility, Electricidade de Mo&#231;ambique (EDM) under a 25-year power purchase ...

Globeleq, Africa's leading independent energy company, announced on Wednesday that the solar photovoltaic plant it built in Cuamba, Mozambique, is already supplying "clean energy" to ...

The US\$36 million project located in the Cuamba district, Niassa province (about 550 km west of the coastal town of Nacala) now supplies electricity through a 25-year power purchase agreement with ...

To accelerate rural electrification and improve the affordability for the Mozambique's lower income population, Government of Mozambique commits to operationalize the Off-Grid Regulations under ...

Mozambique's Ministry of Mineral Resources and Energy (MIREME) has announced the launch of a new tender for decentralized solar photovoltaic (PV) and battery energy storage systems (BESS) ...

As a result, the Project helps improve the security of energy supply in center-northern Mozambique, while diversifying the energy mix. By adding clean energy capacity, the Project also contributes to ...

Globeleq says that commercial operations have started for what is said to be Mozambique's first combined utility-scale solar and energy storage plant, in the district of Cuamba.

Independent power producer Globeleq has brought a 19MWp, 2MW/7MWh energy storage plant in Mozambique into commercial operation.

Mozambique is set to significantly expand its solar power infrastructure with two new plants in Cabo Delgado and Nampula. These initiatives underscore the country's firm commitment to ...
