

Our high-quality products bring clean, reliable solar energy to the world-wide on-grid and off-grid for civil, commercial, industrial and large-scale public facilities.

Headquarters: 3rd Floor, Boyi Business Center, No.1 Liuyunqi Street, Tianhe South Road, Tianhe District, Guangzhou, China.

NPP Power AGM GEL Series are manufactured following the highest demands in the deep cycle and renewable energy applications. The batteries use colloidal or foamed silica gel to immobilize the ...

As one of the world's leading battery suppliers, we have extensive experience with providing solutions to a wide range of renewable energy applications from off-grid solar energy storage to wind turbine ...

By storing excess solar energy for use at night or during peak hours, NPP systems boost household energy self-sufficiency by up to 80%, slashing reliance on fossil fuels and reducing carbon ...

NPP manufacturing plant in Vietnam is currently undergoing yet another expansion. New equipment had been delivered, and our engineers are working tirelessly towards the completion of the installation.

NPP New Energy is a Chinese high-tech enterprise providing customized home battery backup power supply solutions and products for special lithium solar battery systems for global users.

Whether you're building a home solar battery system or upgrading an off-grid lithium battery bank, NPP delivers the reliability, efficiency, and innovation you need to stay powered -- anytime, anywhere.

Your one-stop solar directory. Connect with 3500+ Australian solar panel suppliers, installers, and maintenance engineers. Search, compare, and choose easily!
