

Explore independent solar solutions for remote living in Ottawa. Learn about our off-grid systems, tailored for sustained energy freedom and reduced environmental impact.

MOBIPOWER hybrid clean power containers combine battery energy storage systems with off-grid solar containers for remote industrial sites in Canada & USA.

Housed within a 20ft container, it includes key components such as energy storage batteries, BMS, PCS, cooling systems, and fire protection systems. It is an ideal solution for peak ...

PVMARS's 1MWh energy storage system (ESS) + 500kW solar energy is an off-grid microgrid solution. Solar panels themselves cannot store a lot of electricity, so the system uses photovoltaic panels to ...

Going Off Grid only For Economic Reasons?  
Battery Banks  
Charge Controller  
Panels  
Inverter  
If you are considering going off grid for economic reasons, and you have the option of being connected to the hydro grid, then there are some other strategies for lowering your hydro bill to zero. These are: 1. "Net metering" which avoids the expensive battery bank, and is more reliable. This exports your surplus power to the grid during the daytim...

PVMARS's 1MWh Energy Storage System With 500kW Solar  
PVMARS's 1MWh energy storage system (ESS) + 500kW solar energy is an off-grid microgrid solution. Solar panels themselves cannot store a lot of electricity, so ...

Each container with all of the equipment will weigh less than 16 tons. Fully tested before being shipped. Factory will provide free installation support and after sales service. Production time is 4-6 weeks. ...

Review building plans, and discuss requirements for a battery storage area and for mounting panels on the building or ground mounted. Discuss heating and cooling equipment that best complements off ...

Off Grid Solar Systems provide electricity in a closed system environment without any Hydro connection. Ideal for remote areas, these systems use a combination of solar panels, batteries, and a generator ...

We guarantee best pricing for our 1MWh 1036V 1050Ah battery energy storage system. Order at Energetech Solar.

Explore Our Solar Solutions Valley Solar is one of the largest installers of Net Metering, Off Grid and Power Back Up solar power systems in the Greater Ottawa Region.

Range of MWh: we offer 20, 30 and 40-foot container sizes to provide an energy capacity range of 1.0 - 2.9

MWh per container to meet all levels of energy storage demands.
