

So we have come today to dedicate ourselves to living from the sun's daily gifts of light and power, as we should. Our tradition teaches that we were given light on the 4th day. So now we all say Group ...

We give you thanks, O God, as we dedicate this solar power array to your glory and praise. We celebrate the sun you have made as the source of light, warmth, and energy. Help us to ...

We ask that you bless our leaders today--local, state, and national--that they integrate principles of sustainability and justice into their work, so that they may help create a healthier planet for future ...

Find Solar Panel Illustration Sermons and Illustrations. Free Access to Sermons on Solar Panel Illustration, Church Sermons, Illustrations on Solar Panel Illustration, and Preaching Slides on Solar ...

I will never look at a Solar Panel quite the same way again, after this analogy. But when we accept Christ as our LORD and Savior, we never look at life the same way again anyhow.

By seeing renewable energy through the lens of stewardship, the Christian community can lead the way in crafting a more sustainable future. There are many practical steps believers can take ...

What Does God Have To Do With Solar Energy? By Rabbi Yonatan Neril. I pray in a synagogue in Jerusalem with solar panels on the roof. While people have prayed in buildings -- and times in ...

On Sunday, April 23, we held a worship service followed by the dedication of our 54 kW (kilowatt) solar array. After months of prayer, research, and planning, 160 solar panels were installed on our ...

In my sermon today, I used an illustration of a solar panel on our mini-camper my wife & I bought. The main use of our 2 ft. X 4 ft. Solar Panel on the roof of our camper is to maintain life & ...

Across America's landscape of steeples, minarets, and temples, a revolution is taking place on the rooftops. Religious organizations of all faiths are turning their faces not just toward heaven, ...
