

Are solar panels a scam?

Here's how to steer clear of the scams: Do some research. Avoid solar companies that say a government program will cover the whole cost of solar panels -- or say they're from (or affiliated with) the government. These are lies. If you're looking at solar energy for your home, get quotes from reputable providers with a valid license.

Is going solar free?

While there are some government-funded solar programs for households that qualify, "going solar" isn't free. Honest businesses will tell you exactly how much it'll cost to get and install solar panels. Here's how to steer clear of the scams.

How do I choose a solar company for my home?

Do some research. Avoid solar companies that say a government program will cover the whole cost of solar panels -- or say they're from (or affiliated with) the government. These are lies. If you're looking at solar energy for your home, get quotes from reputable providers with a valid license. Then compare them.
