

> High efficiency, polycrystalline solar cells with high transmission and textured glass delivering a module series efficiency of up to 14.4%, minimising installation costs and maximising the kWh output of your ...

YL230P-29b-1/1650x990 SERIES SKU: 2103427 Manufacturer Yingli Green Energy Holding Number of Cells 60 Cell Type polycrystalline Cell Dimension (mm/inches) 156 x 156 (6+) Foil Color white Frame ...

> High efficiency, polycrystalline solar cells with high transmission and textured glass delivering a module series efficiency of up to 14.4%, minimising installation costs and maximising the kWh output ...

Specifications included in this datasheet are representative values and serve only for comparisons of different module types. Specifications are subject to change without notice.

High performance, multicrystalline solar cells deliver a module series efficiency of up to 14.7%, reducing installation costs and maximizing the kWh output per unit area.

Yingli-Solar-Data-Sheet characteristics - Free download as PDF File (.pdf), Text File (.txt) or read online for free.

The behavior of solar cells and modules under various operational conditions can be determined effectively when their intrinsic parameters are accurately estimated and used to simulate the current ...

High efficiency, multicrystalline solar cells with high transmission and textured glass deliver a module efficiency of up to 15.0%, minimizing installation costs and maximizing the kWh output of your system ...
