

Will Vietnam's lithium-ion battery market grow in 2021 & 2024?

According to Makreio Research,between 2021 and 2024,the market expanded at a CAGR exceeding 5%,laying the groundwork for the next growth phase where domestic lithium-ion battery production and battery energy storage systems (BESS) are central to Vietnam's strategic ambitions.

Who is the leading lithium battery supplier in Vietnam?

Company Profile: According to Volza's lithium battery export data of Vietnam,Samsung Electronics Vietnam Co.,Ltd.is the leading lithium battery supplier in Vietnam,accounting for 56% of the total with 15,696 shipments. It is a subsidiary of the globally renowned Samsung Group and has established a large-scale production base in Vietnam.

Why is Vietnam developing a battery industry?

In recent years,Vietnam has witnessed significant developments in its battery manufacturing technology. Driven by the growing demand for energy storage solutions,the expansion of the electric vehicle market,and the government's push towards renewable energy,the country's battery industry is evolving rapidly.

Is Vietnam's battery market the engine room of Southeast Asia's electrification push?

Vietnam's battery market is no longer a quiet corner of Southeast Asia,it is rapidly becoming the engine room of the region's electrification push.From electric vehicle (EV) rollouts to large-scale energy storage deployments under the Power Development Plan VIII (PDP8),the sector is witnessing unprecedented momentum.

By Ee-Hui Tan | August 18, 2025 As Vietnam accelerates its clean energy transition, lithium battery logistics is becoming a key enabler of growth. With the right infrastructure, policies, and support, the country is well ...

The Vietnam Li-ion Battery Energy Storage Cabinet Market features a mix of established local companies and international corporations, all striving to expand their presence through innovation ...

The Vietnam Lithium-Ion Battery Market size was valued at USD 300.8 Million in 2025 to reach USD 711.6 Million by 2034 at a CAGR of 10.04% during 2026-2034.

Explore Vietnam's evolving battery industry, from PDP8-driven energy storage, lithium-ion production, swappable EV batteries, and policies shaping Southeast Asia's electrification.

Discover SolarEast's innovative BESS battery storage and cabinet ESS solutions unveiled at Vietnam Energy Week 2025. Explore advanced residential, C& I, and liquid-cooled energy storage systems ...

The country's energy storage sector, particularly its lithium battery industry, is buzzing louder than a Hanoi motorbike rush hour. With renewable energy targets aiming for 30% by 2030, Vietnam's hunger for efficient ...

Its electric vehicles equipped with advanced lithium batteries have a certain influence in the domestic and international markets, and at the same time, it also drives the development of the upstream ...

Smart Vietnam's Lithium-Ion Storage and Charging cabinets rise to the occasion by offering a safe and efficient solution for storing and charging backup batteries used in data centers. These cabinets become the ...

Conclusion: Vietnam is home to numerous lithium-ion battery manufacturers that contribute to the global demand for high-performance and reliable energy storage solutions. The companies listed above showcase ...

Schneider Electric Vietnam. LIBSESMG16IEC - Galaxy Lithium-ion Battery Cabinet IEC with 16 x 2.04 kWh battery modules.
